The several Democratic County Central Com-  
mittees of the State are requested to call  
Primary Elections to elect Delegates to the  
State Convention on

SATURDAY, SEPTEMBER 11.

For the purpose of electing Delegates to the  
said State Convention, the Primary Elections  
to be carried out in compliance with the laws  
of the State and the instructions of this Com-  
mittee.

The following test will be required of each  
and every voter at the said Primary Election,  
viz: That he is a citizen of this State, and will  
support the nominees of the Republican party  
at the coming election.

C. C. STEVENSON, Chairman

F. C. LOMB, Secretary.

Queer Reasoning of a "Sightseer."

PHILADELPHIA, July 31.—The Times says: A sightseer in politics, speaking of the outlook for candidates at the head of the national ticket in 1888, said if it were in order to make nominations to-day, the ticket would read Blaine against Hill. It now looks as if the President would be forced into the attitude of a candidate and with Hill and Blaine in the field might be put on an independent ticket. Regulars, however, expect to force him to abandon his Civil Service orders when the moment arrives for his co-operation to save the party. A Cleveland ticket, with the better element of all parties supporting it, might give the regular organizations somewhat of a shake-up, if it did not throw the election into the House of Representatives. The latter contingency, in view of the probable closeness of the electoral vote, would be possible in a very small margin between Cleveland and Tilden. The smallest State in the Union for the third candidate, would have accomplished the result. Among the other schemes of Hill to carry favor with the heeler has been his persistent exhibition of contempt for the Mugwumps. This in itself would alienate their support, so he could not count on any part of that vote. Hill's friends are very confident that they can carry New York without it, and point to the election of 1885, when he defeated Davenport by over eleven thousand majority, with 35,000 votes for other candidates. They seem to forget, however, that by far the greatest share of that vote came out of the Republican ranks, and it combined on the Republican ticket, it would have left Hill in the rear.

Nevada Land Surveys.

WASHINGTON, August 4.—There is an important item for Nevada in the sundry civil bill. It provides for the appropriation of \$30,000 for the survey of public lands in Nevada. That State has due it 2,000,000 acres of land. There is a large portion of her public lands unsurveyed, and this appropriation, which Jones and Woodburn secured, provides that a survey of these lands shall be made at once.

During the Senate proceedings Tuesday Edmunds read from a book the estimated items of deficiency, estimated by the heads of Departments, aggregating more than \$3,000,000, and said it was just as well known when the regular appropriation bills were passed last year that the sums appropriated were inadequate to the necessities of the Government as it is to-day, but they were not increased because an opportunity was wanted to tell the dear people—the workingmen—how economical Congress had been.

Samuel J. Tilden, who in 1876 was defeated by R. B. Hayes for the exalted office of President of the United States, died at Youkers, New York yesterday morning at the age of 72 years. In his death the Empire State loses one of its ablest lawyers and the Democracy one of its greatest and most popular leaders, he having been honored by his party to several State offices, including the Legislature and Governorship.

The New York World says: Colonel S. D. Bruce, who went out to California to sell yearlings bred by Theodore Winters, returned on Friday night, highly pleased with the trip and profoundly impressed with the natural advantages that California has for the breeding and development of horses. Although a Kentuckian, Bruce says that he has never seen the equal of the California establishments, especially that of Leland Stanford at Palo Alto.

The House of Representatives yesterday passed a resolution asking the State Department to renew its demand upon the Mexican Government for the immediate release of Cutting. The Mexicans say that Cutting will receive his sentence to-day.

Death of Samuel J. Tilden.

NEW YORK, August 4.

Samuel J. Tilden died in this city at 9:45 this morning. Samuel J. Tilden died peacefully at Greystone this morning at 8:45 o'clock. There were present with him doctors Charles E. Simmonds and Samuel Swift, and his niece, Miss Gould. His death was entirely unexpected and was caused by a failure of the heart, following an acute attack of diarrhoea and nausea.

As soon as the news of Tilden's death was received in Youkers, there was a good bit of excitement over it, and instantly the flags of the city buildings and the newspaper offices were displayed at half mast, and expressions of regret were heard on all sides over the death of the eminent statesman. He said he had not been feeling well for some days.

The flags all over the city are at half-mast, out of respect to Tilden. The news of his death spread through the city very rapidly; the newspaper offices bulletined it early, and so the news was soon scattered broadcast. Expressions of sorrow are heard on all sides, and from parties of all political opinions.

WASHINGTON, August 4.

Morrison offered and the House unanimously adopted the following resolution:

Resolved, That the House of Representatives of the United States has learned with profound sorrow of that eminent and distinguished citizen, Samuel J. Tilden's death.

Governor Hill immediately wrote the following:

To Colonel Samuel J. Tilden, Jr., Greystone, Youkers, N. Y.—I learn with deep regret of the death of your distinguished uncle, Samuel J. Tilden, and I tender to you and the other relatives my sincere sympathy in your great bereavement. In his death the country loses one of her most eminent statesmen, and our State one of its most illustrious sons. Please inform me at your earliest convenience of the date which may be fixed for the funeral, as I shall endeavor to attend.

The President has sent the following telegram.

To Colonel Samuel J. Tilden, Jr., Greystone, Youkers, N. Y.—I have this moment learned of the sudden death of your illustrious relative, and hasten to express my individual sorrow in an event by which the State of New York has lost her most distinguished son, and the Nation one of its wisest and most patriotic counselors. GROVER CLEVELAND.

The business men of this city lost no time in paying a tribute to the statesman's memory by displaying flags at half-mast. Every building of prominence down town, had its flag lowered.

Cleveland's Chances.

New York, July 31.—The Commercial's Washington special says: Among Democratic Congressmen there appears to be more general positiveness of opinion in regard to the probability of President Cleveland's re-nomination in 1888 than there is among the Republicans with respect to Blaine's chances. Out of twelve representative Democrats selected from all parts of the country, only one, Warner of Ohio, expressed any coolness toward Cleveland, or any doubt of his re-election. Warner thinks that if the Administration continues its present financial policy, and keeps on looking up the money of the people in the Treasury, the Democrats cannot elect him or any man instead. He is frankly against Cleveland on this account. He has no special objection to him otherwise, but considers the financial question of paramount importance, entirely aside from any and all personal considerations.

Trial Yacht Races.

New York, August 2.—The trial races to select the best yacht to pit against the Galatea for the American cup takes place between August 20th and 30th over the regular New York Yacht Club course in New York harbor. It is not expected that any yachts outside the Frisella, Puritan, Mayflower and Atlantic will compete. The New York Yacht Club fleet leave for the East Wednesday. On Friday the race for the Golet cup takes place off Newport. The four big sloops will enter this race and a \$1,000 silver cup will be awarded the winner. The Galatea goes to Newport to witness the races.

The Conference Committees of the two Houses of Congress have about settled their disagreement on the Morrison surplus resolution.

A Disloyal Sentiment.

NEW YORK, Aug. 2.—The Tribune's

Washington special says: Several weeks ago one of a group of men standing in the street near the Washington Hotel saw a man hoisting an American flag on a building near, and as it rose to the head of the flagstaff he said: "What a beautiful flag that is!" Another member of the group added: "Yes, and it never looks so beautiful to anybody in this country as it does to an American in a foreign land." The third member of the group was General Dabney H. Maury, who has just been nominated to represent the United States as Minister in Colombia. He gritted his teeth and said, "I hate it," and then observing the expression of amazement on the countenances of his companions, several of whom had served in the Rebel Army, he added, "but of course I would fight for it now."

SENATOR JONES POSITION.

Carson Index.

The absurd liberty that some correspondent has taken with the name of Senator John P. Jones in connection with an alleged conversation on the Senator question, is treated by some of the newspapers of the State as a serious matter. The construction attempted to be put upon the reported language of Senator Jones is well known by every citizen of the State to be false. He never said or intimated that he would not aid the Republican colleague. We have positive assurance from gentlemen who have conversed with him within the last few weeks, that he intends to be present in Nevada during the coming campaign and stump the State for the Republican party. The whole story is manufactured from casual remarks of the Senator that he, as a Senator, did not intend to take part against any Republican Senatorial candidate, but expects the people to make their own choice from the name presented, and when this is done, we have the assurance from the Senator himself that he will do all in his power to aid the Republican candidate.

Nellie Grant Coming Home.

Peoria, Ill., Journal.

Poor Nellie Grant! She has at length made up her mind to come home and leave a husband who is unworthy of her. Her marriage was one of those cases of personal infatuation hard to account for. Sartoris was a member of the English legation in Washington. He was destitute of the graces of life. A fellow best described under the epithet of "lunk-head." Nellie was a bright, pretty girl, the idol of her father's heart and the life of the household. When the General learned she had fastened her affections upon such an unpromising specimen as Sartoris he strove to show her her error, but the young lady had a portion of her father's obstinacy, and he yielded, as the result shows, most unwisely. The rest of the story is soon told. The unworthy husband has now practically abandoned his wife, and she to escape from a humiliation that daily becomes more and more offensive and humiliating will return to her mother's home, where there is, owing to the latest heroic effort of her father, enough and to spare. It shows that a young girl's choice is rarely a happy one, and that the old adage regarding "puppy love" is founded upon a careful insight into human nature.

IN AMERICA

Without the Expense of a European Journey!

The crystallized salts, as obtained in a pure state from grapes and choice fruit, in a portable, palatable, simple form, are now presented to the public of America as the grandest solvent! Impure blood, corrector of the liver and regulator of the bowels—the natural promoter of

HEALTH AND LONGEVITY.

Eminent physicians claim this achievement a new era in the science of medicine, as it furnishes the blood with its natural salines that are lost or eliminated every day.

Sal-Muscatele

A POSITIVE NATURAL

SICK HEADACHE and DYSPEPSIA CURE.

Sal-Muscatele is Nature's own product. It supplies to the system the want of sound, ripe grapes and fruit; it is the simplest and best preventive and cure for all functional derangements of the liver and its kindred ailments; prevents the absorption of malarial diseases—fevers of all kinds; counteracts the effects of bad air, poor drainage and impure water; a powerful oxydizer of the blood; a natural specific for all skin eruptions, sick headaches, biliousness, nervousness, mental depression, and will remove the effects of accidental indigestion from excessive eating and drinking. Have it in your homes and on your travels. It is a specific for the fagged, weary or worn-out. Prepared by the

TOWN AND COUNTY.

## BREVITIES.

Next in order is the Caledonian picnic at Carson Saturday.

The officers are to be elected to ferret out the postoffice robbery.

Thos. Winters left for the eastern part of the State yesterday morning.

Hall has the finest and freshest of family groceries besides fruit and vegetables of all kinds.

The Indians were out in their holiday attire yesterday, and were supremely happy watching the circus.

M. T. Barnett sold lots of fruit yesterday, but gets in a fresh supply daily, so everybody can be accommodated.

The rush of Grand Army boys to this coast is about over, and the rush back will commence about the last of next week.

It did not take the circus men long to find out that Jake Becker was selling the best beer in town, and setting out fine hot lunches.

D. W. Balch is now Superintendent of Douglas' reduction works at Dayton, commencing the duties of the position on Monday last.

Henry Morris always keeps the best tonsorial assistants and there is no need of looking like a tramp as long as his barber shop is running.

The Caledonian Club is constantly adding new prizes to its already long list to be contested for at their picnic next Saturday. Tickets on sale at Nasby's.

Eureka Sentinel: An old timer, on Main street yesterday, offered to bet that the Eureka Consolidated would be quoted on the San Francisco Stock Board at \$27 within the next twelve months.

Mr. Will. U. Mackey, the well-known printer, says the Carson Tribune is generally conceded to have the best show for the nomination for State Printer. Will. would make a good race if nominated.

Charles Madden, Press Agent for Sells Brother's great show, paid this office a visit yesterday, and Sells Brothers have been lucky in securing the services of this estimable gentleman to represent them in his present capacity.

The Tribune says Carson is to have one paper less and Virginia one more. The outfit of The Boys has been purchased by a Virginia printer and a Democratic journal is to be started on the Comstock in the interest of Adams.

The pay-roll of the Comstock mines for the month of July foots up \$196,442. It shows a falling off of \$4,000 in the sum disbursed to employees during June, 1886. This is due to the shutting down of the Crown Point and Belcher mines, pending repairs to the surface machinery.

How to Tell a Girl's Age.—Girls of a marriageable age do not like to tell how old they are; but you can find out by the following instructions, the young lady doing the figuring. Tell her to put down the number of the month in which she was born, then to multiply it by 2; then to add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115; then tell her to tell you the amount she has left. The two figures to the right denote her age and the remainder the month of her birth. For example, the amount 822, she is 22 years, and was born in the eighth month (August). Try it.

REPORT OF NEVADA STATE PRISON FOR JULY.—Number of prisoners on hand June 30th, 135; discharged during July, 6; on hand July 31st, 129; average number of prisoners for July, 131 7-31.

Salary of officers and guards, \$1,566 65; other expenses, \$1,456 55; total expenses for July, \$3,023 21.

Boot and shoe factory.—Manufactured, \$973 41; sold, \$928 83; collected and paid into Treasury, \$1,143 13.

Collected on account of stone sold, \$147.

NATIONAL GUARD HALL.—The Enterprise of yesterday has the following: Professor Cara's concert last evening was an unequivocal success. The musical and vocal selections of the programme showed excellent taste and reflected credit upon whoever organized it. Every piece was splendidly rendered and vociferously encored, and it would not be an exaggeration to call it a double performance, as the enthusiasm of the audience appeared at fever heat and would not be denied an encore. Dicky Jose now, but the Signor Ricardo Jose of the future, made his appearance in a series of ballads and took the house by storm. He possesses a beautiful alto voice, young, fresh and sympathetic, and his late experience as a member of a first-class minstrel company has taught him method in handling his voice to advantage. He appeared in good form last night, and if repeated encores and enthusiastic plaudits at the hands of an intelligent audience form a guide to popularity and appreciation, then Mr. Jose has reason to feel gratified at the stamp of approval he received and the delight he caused to all who heard him. Mr. Jose is a Nevada production. His talent and voice place a splendid future before him, and we are sure that with time, study and honest application, he will rise to the topmost rung of the ladder of lyric fame, and gain for himself a reputation as a singer second, perhaps, not even to the silver-throated Brignoli. Miss Cara, who made her first public appearance in this city last night, is a very attractive singer. She has a cultivated soprano voice of unusual power, and rendered her songs delightfully. She was applauded and encored to the echo. Mrs. Layton was excellent as usual, and delivered her song in fine style. The overtures by the Virginia Orchestra, under the leadership of William Weston, were performed with the company's proverbial excellence, and in an instrumental sense left nothing to be desired. At the conclusion of the concert dancing was indulged in until a late hour. The entertainment was a success financially and artistically, and everybody present felt pleased and satisfied.

THE WOOL-GROWERS' MEETING.—The Silver State has the following proceedings of the first days, session held in Winnemucca Monday. Last evening a large number of wool-growers from this county and Elko met in the Court House pursuant to call. E. C. Hardy, of Tonno, called the meeting to order and stated its objects. G. F. Turritt was elected Temporary Chairman and Robt. O'Neal, of Paradise, Temporary Secretary.

On motion a Committee on Permanent organization was appointed, consisting of Messrs. Hardy, O'Neal, Nelson, Coleman, and Wilcox. Thomas Nelson, D. M. Coleman, A. D. Wilcox, and others addressed the meeting on the subject of organizing.

There was some discussion as to the status of the Wool-growers Association organized two years ago, and the opinion prevailed that it had ceased to exist or at any rate failed to accomplish the purpose for which it was created, as no meeting had been held for some time.

A motion that the organization be known as "The Nevada, Eastern Oregon and Idaho Wool-growers' Association," was unanimously adopted.

On motion the meeting adjourned until 9 o'clock this morning to give the Committee on Permanent Organization time to report.

A PROMOTION.—The Supreme Lodge, Knights of Pythias, of the World, has decided that a member cannot resign from the order, but must take a card. It also declined the amendment to the constitution of the transfer endowment rank to members of the first, second and third classes to the fourth, on the graded assessment plan, at the ages of the original entry. It also decided that Grand Lodges may confer the Past Grand Chancellor's degree on all Grand Keepers of Records and Seal and Grand Masters of Erchequer who have served in office for five consecutive years. This last decision will make Nate W. Roff, Grand Keeper of Records and Seal of the Grand Jurisdiction of Nevada, a Past Grand Chancellor after serving his term this year as G. K. of R. & S.

Great preparations are being made at Treadway's Park for the Caledonian picnic on Saturday next.

THE SHIPPING OF CATTLE COMMENCED. Winnemucca Silver State of July 29: Yesterday six car-loads of beef cattle were shipped from Mill City by Albert Sutherland, 27 car-loads were shipped by Miller & Lux from Humboldt House, and 21 car-loads were shipped from this place to-day by George D. Bliss. The Sutherland cattle were shipped to the San Francisco market for beef, while those of Miller & Lux and George D. Bliss were shipped to the California ranches of their owners, where they will probably be fed until fall. Next Monday Colonel Hardin will ship a couple of hundred beaver from here to San Francisco, so the beef shipping season is inaugurated. The shipments of cattle from this station averaged about 25,000 head each season for several years. Last year there was a falling off of several thousand head from the average of previous years, in consequence of cattle from Southeastern Oregon and the adjoining section of Idaho Territory, which were formerly driven here, being shipped East on the Oregon Short Line. While this relieves the San Francisco market of a surplus it takes business away from Winnemucca.

SELLS BROTHERS' CIRCUS.—The circus arrived early yesterday morning and the town was crowded with people the same as on the Fourth of July, and a steady string of wagons kept pouring in from the country all day. At half-past ten the grand street parade took place made up of the entire show and was one of the finest and largest that ever paraded our streets. The mammoth tents were crowded both afternoon and evening and it kept the vast assemblage busy taking in all three rings at once. The Sells Brothers have undoubtedly brought the largest and finest circus to this coast that has visited here for years, and must necessarily be under an immense expense.

ANOTHER CANDIDATE FOR GOVERNOR.—R. Sadler, of Eureka, has announced his determination to make a fight for the nomination for Governor at the Democratic State Convention. Mr. Sadler is an enterprising business man, well-known throughout the State, and he tells the Sentinel he is going to stand in and make the fight, and what is more, get away with it.

WHAT THEY TOOK.—The postoffice burglars got away with \$430 in money, as near as can be ascertained. They also took some paid postal notes and a gold pen belonging to Lisle Jamison, pulling out the pen and leaving the holder. Lisle will undoubtedly find other articles gone, when he should happen to need them.

SUTRO ROBBED.—A Butte (Montana) dispatch says that Adolph Sutro was robbed last Friday morning of \$120 in money and a rare historic coin valued at \$500. He could probably purchase that old coin specimen from the robbers for less than one-hundredth part of its valuation. It seems the rascals got into his room while he was asleep.
